Dr. Hilton S. Eisenhower/ President The Johns Hopkins University Baltimore 18, Maryland

Dear Milton:

I was most appreciative of your note of
7 August thanking me for the help our people were
shie to give in connection with your recent fact
finding mission. Under the circumstances, it was,
I realize, a difficult and delicate task and you
certainly easered it through in a manner to do
lasting good for our country. When you are next
in Washington, I would certainly velcome the opportunity of sitting down and having a good talk with
you about your trip. In particular, I would be
interested in any ideas or suggestions you might
have by which we might be able to increase the
assistance we could render to missions such as
yours, and also to get your thoughts as to how
we could increase our overall efficiency.

I have passed on to those concerned your expression of egypteciation and everyone was nost gratified by your thoughtfulness.

Once again, my therks and best vishes.

Feithfully,

Signed

Allen W. Buller Director
